

AVA, AI-powered receptionist

Bring the future into your present

Who is AVA?

- Innovation powered by artificial intelligence
- The first information point for your guests
- Always the best-informed assistant
- A proprietary project by a Polish tech company
- An AI avatar with unlimited possibilities

Technology that truly helps

Imagine a reception area where, instead of an empty desk, you're greeted by AVA.

Smiling, speaking your language, ready to help you immediately and guide you to the right place.

deltarobots.com

From the very first moment, you feel that you've entered the company of the future.

AVA in your company

- Lowers reception operating costs
- Takes over repetitive tasks
- Builds a modern and innovative brand image
- Works without breaks or vacations
- Learns new information instantly
- Speaks multiple languages
- Ensures consistent service quality
- Provides unified communication
- Always up-to-date knowledge base
- Always in a good mood

Endless possibilities

- **Calendars & meetings:** Google Calendar, Outlook, MS Teams, scheduling and confirming appointments.
- **CRM & sales:** HubSpot, Salesforce, Pipedrive, automatic lead creation after conversations.
- **Communication:** Slack, Teams, e-mail, phone, instant notifications for employees.
- **HR & office:** room bookings, issue reporting.
- **Hotel & reception systems:** Fidelio, Opera PMS, RoomRaccoon, check-ins, reservation details.
- **Marketing & events:** quizzes, surveys, presentations, contact and lead collection.

And these are just a few examples of what she can do.

"Technology is just a tool. It's the people who use it who truly make a difference..."

Bill Gates
